

Unlock Your Information

If you're responsible for gathering and distributing information you need **BounceBackSMS**.

Becoming a BounceBackSMS Content Provider is **FREE**, and enables you to provide your people with just the information they need, exactly when they need it.

Anywhere, Anytime, on any mobile phone...

Content Providers (such as Sports, Community, or Social Clubs):

- Now have a perfect solution of self service communication with large (but identifiable) groups such as parents, players, club members, coaches or managers.
- Now have a solution which will dramatically improve the speed of communication while bringing down the costs normally associated with advertising, newsletters, or fielding telephone enquiries. This can be a major drain on limited resources of volunteer/community groups.

Example Message Content:

- "Crews still needed for Sat 26th pm. Phone Phil on 0410 000 000"
- "Change of venue, this weeks meeting moved to Club House"
- "Junior fun day Aug 28th Baker Park. Senior presentation day Oct 22nd Wyong RSL"
- "2006 registration at Rebel Sport, Feb 14th, 21st"
- "20 spots still avail. for movie night. Raffle winner was Bob Down."
- "Grounds closed, all training cancelled. Don't forget Trivia Night Sat 22nd"

Individual Clubs can become Content Providers and obtain their keywords for FREE by one of two methods:

- Either creating their Administration Account via the website www.bbsms.info and then registering the keyword, or
- Content Providers can also register their keyword via their mobile phone by texting **register <yourkeyword>** to **199BBSMS (19922767)**.
 - But they still must create and activate their Administration Account via the website (www.bbsms.info) within 7 days of registering a keyword.

How It Works:*

- General Users simply text the keyword you've chosen to **199BBSMS (19922676)** to receive your return SMS in a matter of moments.
 - Their mobile plan must be enabled for premium SMS services.
- The Return SMS you control and can change at any time (even multiple times per day) via the website or via your mobile phone.
- You can allow other people (club officials, etc) to also update the Return SMS but must first register their mobile phone number/s under your Administration Account.

* Refer to website www.bbsms.info for full Conditions of Use

Quick Facts:

- Keywords must be between 2 & 12 characters
- Keywords are case insensitive
- Keywords must be alpha/numeric only (no special characters)
- Return SMS limited to 144 characters max - 16 characters are taken up with the Time Stamp
- Account Administrators have a 5 Keyword limit
